OPPOSITION TO TAX REDUCTION BILL IS COMING IN SENATE

Democrats And Insurgents
May Form Coalition
For New Measure

DEMOCRATS DRAFT
SUBSTITUTE BILL

However, All Factions Will
Join in Hurrying The
Bill Through

Washington, Dec. 21.—Opposition to the \$225,000,000 tax reduction bill, enacted by the house, was slowly crystallizing in the senate today with Democrats and Progressives apparently ready to form a new tax coalition.

If the history of the 1924 tax fight is repeated, the Democrats and Progressives will unite to test the house income tax rates into the discard while writing into law their own program of tax reduction on incomes. The fight will be staged around the amount of total reduction to be given the American people, with the coalition probably battling for a \$1,000,000 greater reduction in taxes than the relief provided by the house.

The Democrats, at least, will draft a substitute bill, either as a separate measure or in the form of amendments to the house bill. This will be sponsored by Senator Simmons (D) of North Carolina, author of the present income rates which were written into the 1924 bill after the Mellon plan was defeated. This year the Democrats, however, will not oppose heavy reductions on surtaxes and may even accept the 20 per cent maximum fixed by the house, but will direct their efforts toward lowering normal taxes through higher exemptions and to spreading the tax reduction evenly through the lower surtax brackets.

The senate Democrats incidentally have shown much dislike for the attitude of house Democrats, who supported the Republican tax program. In the senate, the minority leaders will raise an issue of greater relief for the poor and greater relief for the middleclass business man. As an instance, it was learned, the Democrats will support a move to sharply reduce the tax on incomes between \$11,000 and \$44,000, which they maintain were "missed" in their reductions authorized by the house.

Despite their opposition to the house bill, both the Democrats and Progressives will join with administration leaders in hurrying the bill through to final enactment before March 15, when the new income tax returns are due. Tax hearings will begin before the senate finance committee on Jan. 4, and last two weeks. The bill then will be brought out on the floor of the senate and kept there, except for more pressing matters, until finally enacted.

The house bill meanwhile was being studied by its friends as well as by its foes. Senator Smoot (R) of Utah, chairman of the finance committee, announced he was working in which to eliminate the special taxes without endangering the treasury's balance. Senator Capper (R) of Kansas, while favoring the house bill, declared he would like to see the exemptions raised to \$5,000 instead of the \$3,500 maximum for married couples.

FLAMES DESTROY HOUSE AT ACHOR

Eastern Part of the
County, Destroyed

The large brick and frame residence of Louis Fitz Randolph at Achor, was destroyed by fire Saturday evening, the loss being complete. The property was one of the oldest in the eastern part of the county having been built about 189 years ago.

Mr. and Mrs. Randolph had just returned from a shopping trip to East Palestine. Mrs. Randolph began to cook the evening meal and before turning the gas out of the stove went across the road to use the telephone at a neighbor's house. When she started back home the house was in flames. A bucket brigade was formed but worked without avail.

The house was not insured but there was a small insurance on the contents.

BANK IS LOOTED; LOSS NOT KNOWN

Columbus, Dec. 21.—Burglars last night looted the vault of the Harrisburg, Savin's & Bank Co. at Harrisburg, Ohio, southeast of here and escaped with loot, the value of which has not yet been determined.

The robbery was discovered when Cashier H. L. Manning arrived to open the bank this morning.

The burglars are supposed to have gained entrance by picking the lock on the front door.

U. S. Seeks Peanut Independence

Washington, Dec. 21.—Gov. ernment assistance in relieving America—the world's greatest peanut sating nation—from foreign sources of this supply was pledged today by the department of commerce.

Julian Arnold, American commercial attache in China, went to Suffolk, Va., to present to southern peanut growers a wide range of information compiled at the Orient. China is one of the chief sources of foreign supply for peanuts.

As the result of the cooperation of the departments of commerce and agriculture, the United States soon may declare its "peanut independence."

SUGGEST THOUSAND TREES BE PLANTED IN OR NEAR SALEM

Isaak Walton League Will
Furnish Trees; Boys
Will Plant Them

In line with the state forest conservation policy, the Isaak Walton League of America, Ohio division, in a letter to Secretary C. Scott Chisholm of the Salem chapter, recommends the planting of one thousand trees in or near Salem next spring.

The league will furnish the trees if land owners in this community will turn over a certain part of their land for the planting, the planting to be done by Boy Scouts or some other group. The league suggests that the local Boy Scout reservation plant some of the trees there.

One thousand of these little trees can be planted to the acre. There are available the following kinds of trees: Red oak, black locust, Scotch pine, white pine, Japanese larch, European larch, white elm.

Requisitions for the trees must be sent in before Dec. 31 so any persons willing to donate land for this purpose should notify Chisholm as soon as possible.

STILL EXPLODES. BURNING MAN TO DEATH IN HOUSE

Cleveland, Dec. 21.—Burned to death when two stills being used to redistill denatured alcohol exploded and set fire to a building in East Sixty-third st., yesterday, the body of an unidentified man lies in the county morgue today.

The only mark of identification found on the charred body was a signet ring with the initials "T. M. I." Barricaded to prevent a sudden police entry, the man, severely injured when one of the stills let go with a resounding crash that brought hundreds of the scene, was helpless and efforts of officers to rescue him were unavailing.

The owner of the building said he had rented it some time ago to be used as a garage and repair shop.

HOPE OF FINDING ABBIE CORBETT NOW ABANDONED

Northampton, Mass., Dec. 21.—Detectives searching for Miss Alice M. Corbett, 19, missing Smith college junior, today gave up all hope of finding the girl.

James H. Corbett, wealthy Utica, N. Y., manufacturer, had hurried to Albany, N. Y., when a girl answering Miss Corbett's description was picked up by the Albany police. The girl held in Albany was not his daughter, Corbett found.

Miss Corbett's mother, who remained in Utica and whose hope of again seeing her daughter alive rose when her husband left for Albany, collapsed when informed over the telephone that the girl in Albany was not Alice.

59 Foot Sausages

Ashland, O., Dec. 21.—Charles Shutt, of Kenner's Run, claims the Ohio sausage championship, with one casing measuring 59 feet. It required five gallons of ground meat to fill it.

BLIZZARD SWEEPING FROM THE WEST

Chicago, Ill., Dec. 21.—Biting wind from the north and snow ushered in a blizzard that has been sweeping parts of the west and middle west today.

Reports received at the United States weather bureau here this morning showed the storm was heaviest of the winter and had swept across Wyoming, South Dakota, Minnesota, Iowa, Nebraska, a portion of Wisconsin, and was moving eastward.

By nightfall, the weather bureau said, the entire country east of the Rocky mountains with the exception of Texas, Louisiana, Oklahoma and Arkansas, will be visited by the blizzard.

Mayor Finds Florida Has Plenty of Sand, Hot Sun, Soft Water

Florida at least has lots of heat and great soft water, according to Mayor George R. Russell.

Chief of Police T. W. Thompson Monday received the first word from the mayor since he left for the land of booms early this month. The mayor's letter follows:

"Everything is fine; have sand in my shoes and it is so in the shade, I was putting up window screens today. People are hunting the shade."

"This country has the best soft water that can be found. Right now some people are out in the lake bathing. I will be home the last of the month, I think about Tuesday."

BURGLARS REAP \$1 IN DAMASCUS JOB

Postoffice Safe Was Not
Touched, According To
Mr. Stanley

U. S. postal inspectors and Mahoning county authorities have few clues to the robbery of the postoffice in the Stanley store at Damascus, last Thursday night.

Robbers probably seeking Christmas money and packages, the officials believe, tried open the back door of the store and took about \$1 from the cash drawer and some minor things of little value. The safe was not touched.

Reports that \$50 in cash, a quantity of stamps, and a number of Christmas packages were stolen are without foundation, Postmaster H. O. Stanley said Monday.

This postoffice was robbed about two years ago in a similar manner.

DEFEAT OF COURT POSSIBLE THROUGH ITS RESERVATIONS

Borah, Leading Opposition,
Has Introduced Three
Reservations

WILLIS REPLIES
TO OBJECTIONS

Monroe Doctrine and U. S.
Immigration Questions
Are Brought Up

Washington, Dec. 21.—The world court fight was resumed in the senate today with indications pointing more and more to its becoming, in the final analysis, "a battle of reservations" such as featured the protracted struggle over the League of Nations.

It was reservations that in the end accomplished the defeat of the league, and the foes of the world court apparently are hopeful that history will repeat itself in the present struggle.

Recognizing situation and remembering their history, the Democrats and pre-court Republicans are pointing their efforts to the reelection of any and all reservations other than those originally proposed by President Harding when he submitted the question to the senate.

Senator Borah, who is leading the fight against the court, already has introduced three reservations, and it is understood that more are to follow.

Borah's Reservations

His first one would prevent the League of Nations from imposing any new duties or functions on the court; his second would make it a condition of American adherence that no force military or economic, shall be used to compel acceptance of the court's opinions; and his third would prevent any "traditionally American questions" being dealt with by the court.

These "traditionally American" questions include those involving the Monroe doctrine, and the right of the United States to make and enforce its own immigration laws.

Despite strong administration opposition to any but the original reservations, considerable support already is assured for the Borah proposals. It was said today by the anti-courtists that the Japanese exclusion act before the court for "an advisory opinion" is a bugaboo that is disturbing some western Senators. The pre-courtists will lay considerable emphasis, in the speeches to come, on this phase of the problem, and will deny that the court ever would entertain such a case if submitted.

Willis Replies

The administration viewpoint toward the Borah reservations was expressed today by Senator Willis (R) of Ohio.

"Senator Borah's reservations are brilliant, but unnecessary, he said. "The first is unnecessary because it is already included in the resolution that the statute of the court shall not be amended without our consent. The second is unnecessary because no force can be used against us as we are not a member of the league, and should not concern ourselves with what the member nations do among themselves. The third is unnecessary because it is already provided that the court has jurisdiction only in those cases we refer to it. The court will have no jurisdiction over questions involving the Monroe doctrine of American immigration policies."

Expedition To Start
For Polar Regions

Oslo, Norway, Dec. 21.—A sledge expedition under the command of Stockert, one of Stefansson's lieutenants, will set out early this summer from the islands of New Siberia and cross the unexplored polar regions lying between there and the North American archipelago in the Bering sea.

Stefansson's object will be to prove Stefansson's theory that life exists throughout the polar basin.

Santa Patronizing America's Industry For Toys This Year; Will Carry Few German Toys

Washington, Dec. 21.—With a toy production estimated at over \$75,000,000 for 1925, American manufacturers have transferred Santa Claus' principal source of Christmas supply from Germany to this country, the department of commerce announced today.

Figures showed that the elf of the north, due in the chimneys of all good little boys and girls within a few days, patronized home industry this year.

A scattered collection of Japanese, German and French toys will find their way to the stockings of American children, but in the main their Christmas longings will be satisfied from the products of domestic industry.

In 1904 Germany supplied to the children of America 56 per cent of their toys—this year Germany has sent toys valued at probably \$5,000,000, a very small percent of the domestic output.

Deaf See Christmas Carols Sung

Cincinnati, Dec. 21.—An unusual service took place in Wesley M. E. chapel here when more than one hundred members of the church of the deaf gathered to "see" the old Christmas carols sung in signs.

To some there came the memory of tunes heard long ago, when still in possession of their faculties, but to most of them lack of tune meant nothing, as they had never heard a note of music.

The carols were sung by four different choirs consisting of a choir leader and ten members each. The "singers" read the songs in the sign language simultaneously, keeping time as rigidly as a symphony orchestra. Following each song, the pastor, Rev. Utten E. Read, interpreted it. Each choir had four carols.

CONFIDENCE WILL BRING PROSPERITY ASSERTS ARSKINE

Studebaker President Very
Optimistic Over Pros-
pects Of 1926

By A. R. ARSKINE,
President, The Studebaker Corporation

New York, Dec. 21.—The outstanding industrial and commercial developments of the year 1925 were the enormous building construction, automobile production and railroad traffic and earnings. Industries generally operated on a big scale and made large profits, excepting perhaps the railroad equipment and textile concerns.

We enter 1926 under most favorable economic conditions, with tax reduction and foreign debt ratification about to be approved by congress. With a remarkably efficient administration at Washington which commands the respect and confidence of the nation, enthusiasm for the future is widespread.

After all, confidence is necessary to all business activity and national prosperity. The United States is in a most fortunate position in nearly all respects, and business cannot help but reflect it.

The prosperity of the people of the United States since the end of the great war has amazed the world. The increasing deposits in the savings banks are only partial evidence of that fact. Figures supplied by the comptroller of the currency show for the decade from 1914 to 1924 the number of savings banks in the United States decreased from 2,100 to 1,603 but the number of depositors increased from 11 to 14 millions; the total deposits from 4.9 to 8.4 billions and the average amount per depositor from \$444 to \$605.

Life insurance policies outstanding increased during the same decade from 39 to 86 millions, the amount of insurance from 21 to 64 billions of dollars, and the average policy from \$545 to \$742. The country is prosperous and the standard of living higher than at any previous time in its history.

No one wants to go back to the pre-war condition on output, wages and living standards.

TESTIFIES AGAINST COUNSEL'S ADVICE HE INFORMS COURT

Navy Has Made Failure Of
Its Efforts, Flying
Colonel Asserts

COURT SURPRISED
WHEN HE APPEARS

Army-Navy Agreement was
Wholly Unsuccessful
He Testifies

Washington, Dec. 21.—Debonair and efficient Col. Wm. Mitchell told the navy to its face today that it had made a failure of its effort to develop rigid airships.

Even before the hostile navy court of inquiry investigating the Shenandoah crash after many delays, and testifying against the advice of counsel, Mitchell asserted that America had no operating rigid airships and that the agreement between the army general staff and the navy general board, whereby the navy was to have the field for rigid aircraft development, was "wholly unsatisfactory."

Major Henry Leonard, the court judge advocate, endeavored to show at the outset that Mitchell's ideas on aircraft were different from those of Gen. Pershing, and to show, also, that operating rigid type ships was the navy's business, not the army's, nor necessarily the air service's.

"It is not a fact," said Leonard, "that the joint army-navy board of which Gen. Pershing was a member, authorized the navy to develop dirigibles."

"Yes," said Mitchell, "but the navy has made a failure of it. There is not one in operation today."

Mitchell said that while assistant chief of the army air service he planned a monster dirigible capable of carrying 18 airplanes on a trans-Atlantic flight.

"I told the experts what we needed an airship for and they did the designing," said Mitchell.

"Did you take part in actually designing airships for the army?"

"No, we had experts for that."

The court itself and the audience which filled the room were greatly surprised at the turn of events for it had been expected that the flying colonel would refuse to testify as he had on a previous appearance.

His action, Mitchell explained to the court, was over the strong protest of counsel.

ROUND UP YOUTHS FOR MANY CRIMES

Akron Boys Are Caught In
Stolen Auto; Used Gas
Pipes As Weapons

Akron, Dec. 21.—With the arrest of Clifford Schaeffer, 19, formerly of Willard, O., and George Mackey, 19, telegrapher, with a roundup of ten other youths over the week end, police said today they had solved many of the recent crimes here and have recovered \$1,096 worth of loot of various descriptions.

Schaeffer and Mackey tried to rob Carl Stubb, secretary to C. L. Kutz, publisher, as Stubb was approaching the Knight residence Saturday night. The two men, one alight from a roadster ahead of him and their actions aroused his suspicions. He crept closer, took the license number of the car and slipped into the house and notified police.

Later the two youths were caught in their car parked near the same place. They had gas pipes filled with lead and wrapped with tape, which they intended to use on their victims.

The car they were in had been stolen from E. A. Metzler from where it was parked downtown, police said.

HORTON'S LIQUOR CASE IS STARTED

Ohio State Professor To
Carry His Case to the
Higher Courts

Columbus, Dec. 21.—Trial of Prof. Dabney Horton, of the English department, Ohio State university, on charges of illegal manufacture and possession of liquor, was scheduled to begin before Justice J. R. Holcomb at 2 p. m. today.

Horton was arrested by state prohibition agents two weeks ago following a raid on his home. A small still and a quantity of liquor were found.

The professor has pleaded not guilty to the charge and has said he will carry his case to the higher courts on the grounds that the raid was illegal because the state "failed to show a search warrant."

Justice Holcomb, before whom Horton is to be tried, insists that he issued the warrant for the raid at the instigation of the state prohibition department.

Divorce Increase

Although the number of divorces
in the United States has increased
once more and the number of mar
riages is actually dwindling, accord
ing to the U. S. Census Bureau, that
is not a sign that the country is fast
going to the dogs.

The reason, in the opinion of Dr.
Victor C. Vaughn, chairman of the
division of medical sciences of the
National Research Council, that
there are more divorces now, is be
cause women are able to support
themselves in comfort and peace,
and because there are fewer chil
dren to hold drifting couples to
gether.

In spite of Flappers and jazz,
easy divorce and bootlegging, the
morality of the country is no worse
today than it was in the good old
days when he was a boy, Dr.
Vaughn said. Instead of marrying
at all costs, and as soon as pos
sible, a girl today does not marry
unless she wants to. It is easy
enough for her to get a job and
have silk stockings and earrings
all her own. The very helpless
damsel is passing like the spinning
wheel and the high-boy.

The figures of the Census Bureau
show, that in spite of the natural
population increase nearly one and
a-half millions from 1923 to 1924, the
number of marriages in that time
dropped from 1,223,924 to 1,178,206,
or 3.7 per cent, while the number of
divorces grew from 165,096 to 170,867.
In 1923 there were 10 divorces for
every 74 marriages, but in 1924, the
same number got divorces from every
69 marriages. Texas, the biggest
state, had the biggest divorce list,
the Illinois and Ohio followed after.
New York had the most marriages,
and Illinois, Pennsylvania and Texas
were next.

Divorces in states do not indicate
social trends as a rule, but are gen
erally dependent on the nature of the
local divorce laws instead.

FAITHFUL UNTO DEATH

The attachment of dogs for men
seems to be greater when men are
cut off from the ordinary association
of life, perhaps because then the com
panionship of the dog is more ap
preciated.

One day last week a brown and
white collie appeared on the Maine
Coast, near Biddeford, and at every
opportunity thereafter, regardless of
friendly overtures, would run to a
bluff over sea as though looking for
a lost ship. Now the dog's owner
has been found in New York where
he is a caterer, having been located
and identified by the dog's license
tag. The dog was stolen from his
early last summer while he was in
the Catskills, operating a hotel sit
uated on a road much used by rum
runners. His theory is the rum run
ners took his dog and that recently
in the prevailing storms their ship
foundered, with the dog the lone
survivor, now mourning and look
ing for his late companions. No serious
attachment had grown up between
the real master and the dog in the
short time they were together after
the puppy was purchased in the vi
cinity from a farmer. The last owners
were probably the best friends the
dog had, because often it happens
that men who live alone, and in fear
of the law, have no other friends but
dogs.

There are dogs that do not trans
fer their affections so easily as collies
do—especially young collies—but this
is a mark of loyalty to masters of
adoption which could not be exceeded
even by the famous one-man dogs. It
shows also that men have to fall very
low in public esteem before a dog
will desert them.

Cubit Measurement

The length of the cubit is derived
from the length of the forearm. From
a number of Egyptian measuring
sticks found in the tombs of Egypt,
the cubit is ascertained to be equal
to 20.64 English inches. The Roman
cubit was one and one-half Roman
feet, or 17.4 English inches. These
are the only two cubits whose lengths
are undisputed. Two cubits are men
tioned in the Bible. The shorter of
these was probably that which is
called the cubit of man and the longer
is called the cubit after the first meas
ure. Julian of Asculon speaks of two
cubits in the ratio of 28 to 25. We
have no accurate knowledge, however,
of the Hebrew cubits, since the cubit
of the temple is estimated variously
by high authorities as from 19 to 26
inches.

Q. Is coal now being formed be
neath the earth's surface? J. F.

A. A fuel technologist says that
there is no coal being formed under
the earth's surface now and there
never was. The coal that is now
found under the earth's surface ne
matter how deep it may be, was
formed above the surface and later
covered up. Coal was formed in an
ancient peat bogs in the same manner
as peat is formed at the present
time.

Q. Where was the "Los Angeles"

A. It was built by the Zeppelin
works at Friedrichshafen, Germany.

Q. What is a stitch-down shoe? I.
E.

A. A stitch-down shoe is one in
which the marginal portion of the
upper or vamp is turned horizontally
outward so that it lies like a flat
flange upon the marginal portion of
the top surface of the sole, with such
flange fastened to the said portion
of the sole by means of one or two
lines of stitches passing vertically
through the different thickness of
material.

in 1892, M. C.

A. Columbian Elvira played the

Q. When was it found that iron
ships would float as well as wooden
ones? C. W. K.

A. It is not recorded who first dis
covered that an iron vessel would
float as easily as a wooden one. It
is recorded that an iron boat was
built and launched on the River Foss
in Yorkshire, Eng., as early as 1777,
but the date of the invention of iron

when the lighter "Vulcan" was built.

Q. How did Sacramento become
the capital of California? C. E. W.

A. Before being admitted as a
state, the capital of California was
Monterey, alternately with Los An
geles. Monterey was the capital
from 1840 to 1845; Los Angeles from
1845 to 1847. Monterey was again the
capital from 1847 until California was
admitted as a new state. In 1849
Sacramento offered \$1,000,000 for the
honor of becoming the state capital,
and became officially recognized as
such in 1854.

Accessories Which Mark the Mode

Interesting Details Which Accentuate the Smartness of the Toilette Are Distinctly Divided Into Formal and Informal Classes

The importance of the accessory looms larger as the season advances. There is, it appears, a time for everything that adds to the perfection of the toilette. There is a place for every detail which makes for the necessary chic of the ensemble. And one must learn this definite art of adding to the appearance the air of complete finish and charm.

The little specialty shops which flourish along the Avenue and in the smart places in Paris are featuring jeweled adornments for the evening, and comfort giving accessories for the daytime.

From the early hours of the morning, when the boudoir requirements are satisfied, to the final hours of a busy day, there are innumerable little things which create an atmosphere of elegance and mastery of detail.

First, there are the accessories which complete a shopping tour. These comprise, in addition to the tailleur and comfortable top coat, a hat which lightly fits the head, a scarf of color and dash, soft pull-on gloves of doekin or suede in light tone, a floral decoration in keeping with the season of the year, hose of harmonious hue and walking boots which make for comfort as well as style. And the pocketbook—but the pocketbook is

an accessory which demands much thought, for there are innumerable styles which denote its newness.

The sports outfit calls for tweeds and homespun, for knitted suits and balbriggens frocks. The hat which accompanies this moment of the day specializes in smart lines and is usually found in felts and velours. The cowboy hat lends itself particularly well to the sports ensemble.

The suede jacket, or windbreaker, has come as a permanent sports accessory. In all the brilliant fall colors as well as the natural shade or mouselike greys, the windbreaker has become the season's favorite accessory for warmth. The knitted neck, cuffs and collars lend themselves perfectly to the colorful treatment of the Indian pattern or in the barbaric designs of tribes of ancient days.

The sweater, of course, struggles for supremacy in the sports world. The intricate designs of the Northern countries are colorfully reproduced in sweaters of warmth and originality.

The scarf, too, shares its comfort-giving qualities with an effective air of smartness and is as apt to be brilliant in tone as it is odd in treatment. One of the newest scarf buttons in the back and ties closely about the neck.

Purses are not only new, but very intriguing. They may be

found in tiny proportions, or in such huge dimensions as to resemble the overnight bag. The larger the bag, the more appeal it carries for the daytime appearance, while for evening the mode stresses the appeal of the small purse or vanity. The envelope purse remains popular and is highly decorated and comes in all the brilliant shades that the winter mode delights in.

Jewels are taking a place of importance in the mode for evening, and jewels which glitter are favored in a season where brilliance lends in chic. The bracelets and necklaces which are seen most smartly are noted for the fine workmanship as well as the intrinsic value of the gem.

The jeweled headdress is coming into its own, now that the mode demands a more formal line about the head. Bandeaux and winged effects are particularly noted in the formal mode.

The jeweled fan is a fashion conceit which is being strongly favored, while the jeweled vanity offers a popular method of introducing brilliance to the formal appearance.

Corinne Griffith, who is seen in the First National film, "Classified," selects her accessories for the hours of the day with much interest and is always noted for a smart and correctly finished appearance.

FLORIDA TO HAVE AIR PASSENGER AND FREIGHT LINE

New York, Dec. 21.—Florida is to have an air transport line, carrying passengers and freight.

It will be known as the Florida Airways Corporation and will operate, at the start, across the southern part of Florida between Tampa Fort Meyers and Miami.

This information was made public today by Reed M. Chambers, head of the new company. Chambers was formerly commander of the Ninety-Fourth Air Squadron in France. Pilots who have had army experience will be employed by Chambers. The first route will be opened Jan. 1, and Chambers said, probably will be extended to other cities of Florida as well as to Atlanta and Cuba.

Four airplanes, purchased from one of Henry Ford's companies, the Stout Metal Airplane company, will form the nucleus of the air transport line. These planes will be flown from Detroit to Florida this week.

Florida was chosen as the state in which to begin operations, Chambers said, because of favorable climatic conditions and the unusual concentration of mail and freight.

He said the company will make four round trips a day between Tampa, Fort Myers and Miami, carrying passengers, freight and express on each trip.

25 ARRESTED IN NARCOTIC RAIDS

Baltimore, Dec. 25.—Twenty-five arrests had been made and \$5,000 worth of narcotics seized today in a series of raids on drug peddlers and narcotic "speakeasies." The arrests are continuing.

Federal agents said they found some instances where girls of 15 and 17 were peddling their clothing and jewelry for cocaine, heroin and morphine.

The raids are being conducted under the supervision of Edward W. Schmidt, a federal agent of Philadelphia, who came to Baltimore and worked his way into the confidence of the leaders of the local ring.

LAME BACK OR LUMBAGO PAIN

"Heet" Relieves Instantly

Use applicator attached to cork, and brush "Heet" over the pain area. Immediately, you feel this harmless, scintillating heat draw the pain, soreness and stiffness right out of your lame, aching back. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" instantly relieves rheumatic or neuritis pain in any joint, muscle or nerve, whether in the arm, shoulder, neck, legs or body. "Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniment or analgesics. "Heet" is a clean, pleasant liquid doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

Corinne Griffith, who is seen in the First National film, "Classified," selects her accessories for the hours of the day with much interest and is always noted for a smart and correctly finished appearance.

Exactly like naturally curly hair is the verdict when the new MARINELLO PERMANENT WAVING WITH OIL is used.

A triumph of modern effort. Leaves the hair soft and pliable. Used on white, blonde and tinted heads.

PLANS DRAWN FOR MOUNT'S PRESSER SCHOOL OF MUSIC

Alliance, Dec. 21.—Plans for the new Presser School of Music for Mount Union college, recently approved by the college board of trustees call for a music building that will be one of the most beautiful structures in the state of Ohio devoted exclusively to the study of music.

The proposed building which has been made possible by the contingent \$50,000 gift of the late Theodore Presser to Mount Union's \$2,000,000 Endowment and Building Fund, will be erected at the entrance to the college campus. It will be designed in red brick and white stone in the Colonial style to harmonize with the newer campus buildings, according to the plans of Walker and Weeks, the Cleveland architects. The general arrangement of the building resembles a "T," the cross-bar of which is formed by a two story building ornamented with stone pilaster and dignified pediments. The up-stroke of the T-shape forms the rectal hall.

This hall will have a seating capacity of 350, which includes a small balcony. The concert platform, large enough to accommodate a 30-piece orchestra, will have in its center a three-manual concert organ, the gift of

Chas. A. Lane of Alliance. Entry to the instruction and practice section of the building will be through the beautiful main entrance facing the college campus.

10 Overcome by Gas

New York, Dec. 21.—Ten persons were overcome by monoxide gas early today in the Cleveland Bath, Brooklyn. All are expected to recover, however. An investigation showed that the janitor after banking his fire last night left the doors of the furnace open and the gas escaped.

Variety of News In Brief Form

New York, Dec. 21.—Morris Rosenwasser, 55, master shoemaker, announced that after Jan. 1, he would turn over his half million dollar business to his employees.

Princeton, N. J., Dec. 21.—A gift of one million dollars to Princeton university by the General Education Board for increases in equipment and facilities for advanced teaching and research was announced by John G. Hibben, president of Princeton. The endowment is conditional on Princeton's raising an additional two millions.

New York, Dec. 21.—M. J. or Elect James J. Walker, has received a telegram from Rep. Sol Bloom of New York, suggesting Col. William Mitchell, suspended from the United States army for his charges against the air service, for the post of police commissioner of New York.

New York, Dec. 21.—The Rev. Daniel A. Poland, president of the United Society of Christian Endeavor, has been elected director and trustee of the J. C. Penney foundation. The foundation was organized for philanthropic purposes.

New York, Dec. 21.—A dam costing \$100,000 will be built and then destroyed by the engineering foundation committee for the purpose of settling certain problems of dam construction. Charles David Marx, professor emeritus of civil engineering at Leland Stanford university, will direct the work.

Fog Is Responsible For Two Collisions

Two autos crashed at Garfield ave. and East Fifth st. Sunday in the fog of the early evening. One machine was said to have been driven by J. S. Hollinger. The cars were damaged but the occupants escaped injury.
Reports from Damascus say two large cars collided near there Sunday night, two persons being slightly injured.

China Has a Venice

There is quite a considerable "floating population" of several of the largest river cities of China, but the real Venice of that country is said to be Soochow, which is described as truly beautiful with its many canals running through the city, many of them taking the place of streets and dotted with all kinds of small craft carrying passengers and freight here and there. Boats are made use of to great extent by peddlers and tradesmen, who move slowly along over the water in all kinds of odd boats loaded with their wares. Some are calling their wares and others attract public attention by hammering wooden gongs. Everywhere along the shores are to be seen cobblers and weavers working at their looms or benches.

AMERICA PAYING BRITISH DEBT ON RUBBER PRICES

London, Dec. 21.—The Government of this country is not too pleased today with a frank discussion of the rubber situation which appeared yesterday in the London "News of the World" under the heading, "Rubber is wiping out England's debt to the United States."

"With rubber fetching today a dollar a pound, America within four years will have paid this country the equivalent of the British war debt of four billion dollars," said the "News of the World." "Every American who is trundling about in his motor car will have the satisfaction of knowing that through rubber tires he is helping the British pay off the debt he incurred to save humanity."

Reports that Secretary Hoover plans to encourage the planting of rubber in the United States are described by the newspaper as "moonshine."

The government has been prone to deny that there is any artificial increase in the price of rubber as a result of a frank discussion as that in the "News of the World" is discouraged, lest it call forth American retaliation in the form of restrictions that will raise the price of wheat and other staples to Great Britain.

Markets

MARKET IS IRREGULAR
New York, Dec. 21.—The market was irregular at the opening today, with oil and railroad stocks fairly steady and the opening price changes narrow.

The motors were mixed, with Chrysler down 1/4 at 192; General Motors down 1/2 at 112 1/2; and Fisher Body up 1/4 at 98 1/2. OBITUARY

William H. Spink
William Henry Spink, 67, of Leetonia, died of Bright's disease at 2 a. m. Sunday at the Central Clinic hospital, this city, where he had been for the last two weeks. He had been ill for three weeks.

Mr. Spink was born in Yorkshire, England, April 29, 1858, and came to Leetonia at the age of 21 and since that time had resided there. He was an active member of St. Paul's Lutheran church in that village.

On Christmas day, 1889, he was united in marriage with Miss Emma Street, of Leetonia, who survives him with two children, Mrs. Lloyd Hoffmaster, of Alliance, formerly of Salem, and James Spink, of East Palestine, and one sister, Mrs. Mary Williams, of Columbiana.

The funeral at 2 p. m. Tuesday will be at St. Paul's Lutheran church, in charge of the pastor, Rev. H. C. Brillhart.

Mrs. J. E. Cope
After a week's illness, Mrs. Grace W. Cope, 51, wife of J. E. Cope, died at 11:50 a. m. Sunday at her home in Damascus. Peritonitis is given as the cause of death.

Mrs. Cope was born July 21, 1874, at Palmyra, where she spent her early life. For the last 10 years the family lived in Damascus.

Surviving are her husband and five children: Miss Adah B. Cope of Ravenna, and Mrs. Marcia Snyder, Oscar, Anna and Clair Cope, at home; also one sister and two brothers, Miss Verle Wilson, Mountsville, W. Va., and A. O. and D. E. Wilson, of Hibbing, Minn., and one grandchild.

Funeral for Mrs. Gallagher
The funeral for Mrs. Joseph Gallagher, West High st., was held Saturday morning at St. Paul's Catholic church. Interment was in Grandview burial park.

Among those in attendance were people from Scottsdale, Pa., Pittsburgh, Youngstown, Warren, Niles, Leetonia, Alliance, East Liverpool, Hanoverton, Salineville and Wellsville.

Funeral for Mr. Whitacre
Rev. C. E. Haworth of Salem, officiated at the funeral for Fred Whitacre of Cleveland, held Sunday afternoon at the Gurney Friends church, Winoona. Interment was in Woodside cemetery.

Among those in attendance were relatives and friends from Louisville, Akron, Canton, Mansfield, Cleveland and Alliance.

Mr. Brant
Mrs. Warren Jewell, who lives south of Salem, received word Monday morning of the death of her father, Mr. Brant of Wellsville. Pneumonia was the cause of his death which occurred at 5 a. m.

Actor Accuses Wife in Triangle; Sues After Early Morning Raid

Lionel Atwill (inset), noted actor, is suing his actress wife, Elsie Mackay, for a divorce, following an early morning raid on an apartment in which, police say, Mrs. Atwill was found with Max Montesole, her leading man. The actress (above) has not made a statement. She sailed for Europe a few days ago on the same boat as Montesole.

NEW LICENSES MUST ADORN AUTOS JAN. 1

Approximately 15,000 automobiles and trucks in Columbiana county must be licensed before Jan. 1 or the arrest for operation of these vehicles will follow, according to County License Registrar Charles E. Hamilton.

This statement follows the receipt of word from the state automobile department that no cars will be permitted to operate within the state on and after Jan. 1 unless they contain 1926 plates.

Although automobile owners have been warned to obtain 1926 licenses immediately, yet only about 2,300 have obtained their plates so far. Mr. Hamilton declared after a survey of records just received from all deputy county registrars.

The State Automobile Department has decreed, it is said, that no extension of time will be granted after Jan. 1, and that the provisions of the license law will be strictly adhered to.

The county auditor's office will be a busy place until Jan. 20 on account of automobile owners delaying in obtaining their 1926 plates, and also from the fact that only 150 owners of dogs out of approximately 6,500 have so far procured their dog license tags for 1926. The dog license law provides that all licenses for 1926 be procured on or before Jan. 1, but on account of the county commissioners extending tax paying time until Jan. 20 many tax payers purchase their dog license tags at the time of tax payment.

On and after Jan. 20 dog owners

who have failed to take out licenses will be compelled to pay an additional dollar penalty, making the license tag cost \$2 for a male dog and \$4 for a female dog.

In addition to the issuing of auto license plates and dog licenses for 1926, several thousand automobiles remain to be listed for taxation that have never before been so specified. Because of the limited space and number of clerks employed in these three different departments, there is very likely to be considerable congestion in and about the court house during the tax paying time until Jan. 20 many call about the auditor's office.

COURT NEWS

129 BILLS OF SALE

Another record was cracked in the office of Clerk of Courts Frank Ballantine Friday when 129 bills of sale were recorded, this being an increase of six above the record of Tuesday when 123 were received for record.

Should the present activity in this department of the Clerk of Courts of this county continue, it is believed that the August record will be exceeded, when a few over 1,600 bills of sale were recorded. The present activity is due to the fact that no licenses are to be granted owners of automobiles unless a bill of sale, previously recorded, is presented at the time application for a license is made.

Confirms Sale

In the case of Edwin W. Powers against Rosetta Gny, the court has confirmed the sale of certain premises, and a deed and distribution has been ordered. In this action the petition of the defendant has been dismissed by the court without prejudice.

Sells Oil Interests

According to an agreement filed for record at Lisbon, H. B. Gardner has sold a half working interest in 13 oil and gas leases in Hanover township totaling 1,026 acres to B. L. Herring and W. W. Core. In this agreement the fact has been also made known that Herring has sold his interest in these leases to Core.

City Is Restrained

Five temporary restraining orders have been granted by Judge James G. Moore against the City of East Liverpool, its Auditor W. M. McGraw, County Auditor Charles E. Hamilton and County Treasurer Jo Pike against the collection of special street improvement assessments as now appearing on the tax duplicate and due and payable at the current tax collecting period which will open Monday.

It is pointed out in the petition filed by Vida N. Mackall, who owns lot 502 on Jefferson street, East Liverpool, that the city auditor did not certify to council there was sufficient money in the treasury to go ahead with the improvement of that street, and not appropriated for any other purpose, and that no certificate was "ever on file," and that no notice of the passage of the resolution to improve the street was served upon the plaintiff, either actual or by constructive service as provided by law. The petition relates that the council did pass a resolution, No. 315 May 9, 1924 which had to do with the improvement of this street. The special assessment against lot No. 502 owned by the plaintiff is placed at \$336.64.

A similar petition is that filed by Mary Alice Buckley, who owns lot 434 and against which there is an assessment amounting to \$206.98. A like petition has been filed by LeRoy Rinehart who owns lots 498 and 691 his assessment being \$388.92.

In the petition filed by R. J. Marshall, there is an assessment due against the property of this plaintiff in the East End district of East Liverpool totaling \$1,559.95. Fourteen lots are specified.

Barbara Berg, owning lot 427 on Jefferson has an assessment against this real estate totaling \$88.

The petitions were filed by Attorney Ben L. Bennett for all plaintiffs. The collection of special assessments will be made the same as other taxes by County Treasurer Jo Pike.

Fears That Relief Is Not In Sight Reflected In Fall Of Franc

Paris, Dec. 21—Fears that French financial crisis will not be relieved by the program of Finance Minister Doumer were reflected today on the

Bourse when the franc fell rapidly, touching 26.75 to a dollar at 11 o'clock.

Two factors are said to have been responsible for this new weakening of the franc, first the possibility of the rejection of the finance minister's program, and second the realization that the plan of industrialists to mortgage their plants for an external loan is likely to fail and even if put into effect can only forestall the day of reckoning.

There is a great speculation today as to the ability of the government to muster a majority for the program of M. Doumer, despite the comfortable majority which Premier Briand received on the confidence vote on his

GRANGE STARTS FOR FLORIDA TO PLAY FOOTBALL

Chicago, Dec. 21.—Harold Grange, America's most talked of athlete, and the greatly strengthened Chicago Grange start another gold rush out of here today.

Leaving a raging snow storm behind, Grange and his teammates take off for the balmy clime of Florida, and, subsequently, New Orleans and California.

The first game will be at Coral Gables, Fla., on Christmas Day. Grange claims he will be in perfect condition. Physicians have declared the elusive redhead is fit for battle now.

The team will be called upon to travel approximately 8,000 miles between today and Jan. 25.

Salem High Boys And Girls Win Opening Cage Games Here

Boys Defeat Dover in Overtime Contest; Girls Down Sebring

Scorers Disagree at End Of Boys' Game And
Extra Period Is Ordered; Salem Girls
Win In Last Second of Play

Salem High took both ends of a doubleheader in the Salem gym Saturday night in the opening basketball games of the season, trimming the Dover Boys in an overtime battle, 24 to 20, and the Sebring Girls in an otherwise furious 20 to 13.

Like the first night of this opening of the cage season had about everything to entertain in the way of thrills, mixups, good and bad playing. Dover requested the first game so that team could get back home Saturday night. The first quarter was more or less even, like two boxers feeling each other out. The period ended 3 to 2, Dover. Both teams got a little more life in the second quarter, this period ending 9 to 7, Dover. Salem was trailing because of an inability to get together on pass work.

The second half was the real part of the game. From an inauspicious opening, the game turned into a mid-season battle. The third period found the score 17 to 15 in Salem's favor. The Red and Black playing in with vim, and taking hold of things in the proper manner. The last quarter was more furious yet, and when the gun went off to end the game one of those first night affairs caused no little excitement.

Scorers Disagree
It was found the scorers disagreed as to the proper score. The Salem scorers agreed to a 21-20 score in Salem's favor. Books checked to this. Dover's scorer insisted, however, on a 22 score for his team. Referee George O'Brien refused to take a majority score in favor of Salem and ordered three minutes overtime, starting with a 20 to 20 score, but allowing the Salem individual scores as recorded in the majority books.

The overtime period was an easy one for Salem, two baskets bringing four points while Dover was unable to get started.

"Little Rib" Allen, at forward, scored nine points to lead his team. Captain Coffee and Older each got six points and Bob Campbell four.

The Girls Game
Remarkable guarding by the Sebring Girls almost defeated Salem in the second game of the night's play. Except in flashes, the Salem forwards could not shake off the tenacious guards who were always where they were supposed to be.

Salem took an easy lead, due mainly to poor teamwork on the part of the Sebring forwards. The first period ended 10 to 4. Both teams were stronger in the second quarter, but hard luck shots kept the Salem Girls score down to two points while Sebring brought its total up to 11. The game at this point, like the boys game, became a battle royal. The third period ended 15 to 13, the sextets going at top speed.

But a few seconds before the game was over Miss Ward of Sebring fouled Forward Older. The shot for the free point was good and as the team lined up the game was ended. The shot won the game for the Red and Black, 20 to 13.

Miss Older led with 14 points and Captain Smith got the other six.

County Title Contenders
Both Salem teams were very uncertain in their movements in the opening games, but they got their bearings toward the end and demonstrated that by Jan. 8, when the county season starts Salem will have two contenders for the titles.

Captain Coffee, a running guard, played his first game at center, and did well considering this fact. Older, a guard, played forward part of the game and guard the rest of the time. Such shifts as these made the play.

THREE TEAMS IN MULLINS LEAGUE TIED FOR HONORS
As the result of more upsets in the Mullins bowling league last week, three teams, the Polishers, Press Room and Tool Room are tied for first place, the Millwrights and Fender Welds are tied for second, and the Office brings up the rear.

Fender Weld took two of three games from the Press Room, the Polishers took three straight from the Office, and the Millwrights got two of three from the Tool Room.

Results for the week were:
Press Room 778 835 736
Fender Weld 850 844 751

Office 719 774 762
Polishers 795 877 826

Millwrights 834 798 799
Tool Room 771 765 840

Starting Dec. 28, all games will be rolled at Schafer's alleys.

COLUMBIANA BOYS DEFEAT STRUTHERS

Boys Win By Single Point
While Girls Lose By
23 to 11 Score

Columbiana, Dec. 21.—Columbiana High school inaugurated its home basketball season Friday night by breaking even with the strong Struthers teams, the boys winning by the margin of one point, 27 to 26 in one of the most interesting and exciting games ever played here, while the girls tasted defeat, 23 to 11.

However, it is no disgrace to be beaten by Struthers' girls, which last year won the National Girls' High school championship, and bid fair to repeat this year. The score would have been much larger had not Struthers used their second and third string players during part of the game. Their star forward, Miss Bahma, led in the scoring with six field goals.

Columbiana's regulars, Misses Gieckler, Orr, McGahan, Lower, Funk and Moore, were helpless, and the game was a repetition of last year, except that the score was much lower. The boys game told a different story, being practically tied throughout the game, the excitement keeping the spectators on their feet constantly. Coach Edgar Miller has picked a good team from his inexperienced material and it is quite a feather in his cap to have beaten a team of the caliber of Struthers so early in the season, after all of last year's team and most of the subs were lost by graduation.

Captain Dowd made over half of his team's points, scoring seven field goals and one foul for a total of 15 points.

ODDS ON MC TIGUE TO BEAT FLOWERS

Winner Will Get Chance At
Paul Berlenbach For
The Championship

By DAVIS J. WALSH
New York, Dec. 21.—Mike McTigue, former light heavyweight champion of the world, today ruled a 7 to 5 favorite to win his ten round shuffle Wednesday night with Tiger Flowers, the sensational Georgia negro. The fight will be the windup of the big Christmas fund boxing card at the new Madison Square Garden. The battle took on an added importance this morning when it was announced that the winner will be given a chance to fight Paul Berlenbach for the title in the Garden on the night of Feb. 5.

With an opportunity to get a shot at Berlenbach as an incentive, it is expected that McTigue and Flowers will give all they have Wednesday night, and the fans are sitting back and rubbing their hands in gleeful anticipation. Not much money has been bet so far, but it is expected that with the arrival of Flowers from Atlanta tomorrow the colored boxing fans from the Harlem district of New York will loosen their bankrolls.

McTigue and Flowers, through their managers, both accepted terms for a bout with Berlenbach, conditional, of course, on their winning Wednesday.

In the event of a draw, McTigue is expected to be given the chance to fight the champion, as it was to Paul that McTigue lost the title at the Yankee stadium last summer on a rather close decision after 15 rounds of battling. McTigue had won the title from the late Battling Siki in a March 17th battle in Dublin.

Lucky Dogs To Play Struthers Wednesday

Coch Joe Kelley of the Salem Lucky Dogs Monday scheduled a game with the Struthers Athletic club for Wednesday night at the Memorial building. Hugh McPhee, of Ohio State, will referee. Struthers will bring here practically the same lineup as last year.

Christmas night the Lucky Dogs will play the Tusco club at Alliance as a preliminary to the Alliance Cope Brothers-Buffalo Lincoln pro game.

LURCHING OF CAR SAVES MAN WHEN COLD NUMBS HIM

Columbus, Dec. 21.—Here's a piece of a story.
It's about T. Peach—Adam Peach of Chillicothe.

Adam, on the eve of the Yuletide season, it appears, was riding "hillybaggie" to Columbus. He didn't have enough clothes on to meet the requirements of the season. Beside a biting, cold wind roared under the freight train.

His fingers became numb and Adam's hold on the train loosened when the Columbus railroad yards were reached.

Railroad employees who found him unconscious, but live body along side the tracks, declared that Adam miraculously escaped death. Just as he fell from the train, the car lurched throwing him clear of the wheels, it was explained.

Adam, today is recovering from the effects of his ride.

POLA NEGRI AT STATE

For three days, starting Monday night the State will offer Pola Negri's newest vehicle, "A Woman of the World," the story of a girl who is ultra-modern. This picture is released today, and for that reason not much advance information concerning the plot could be obtained. Manager Rakestraw received a wire several days ago from California which said: "We are sending new Pola Negri picture, 'Woman of the World,' by special delivery for Salem showing; national release Monday; believe best picture she has yet made." The box of film is due to arrive before late afternoon.

"PUTTING IT OVER"

The Grand has a thriller for tonight and Tuesday. Richard Talmadge, the male member of the noted Talmadge family, is a daredevil in "Putting It Over," a small town story. Boxing matches, wild rides, and other thrills lead to the melodrama fans, will be enjoyed.

Supporting Talmadge are Doris Pagan, a new leading lady; Tom Rick with Harry Van Meter and Andy Waldron.

NEW HISTORY PICTURE

The frigate Constitution, lovingly known in history as "Old Ironsides" and the record of its glorious career are to be preserved to posterity by James Cruze, the man who made "The Covered Wagon" will sail shortly for Europe on a trip to gather data and select locations for filming of the ship to be called "Old Ironsides." Mr. Cruze will visit Tripoli where the Constitution reached the climax of its

naval fame during the war against pirates of the Mediterranean by the United States in 1804.

VERSATILE RICHARD

The versatile Richard Barthelmess is to make another unique departure in his screen characterizations. For the first time in his career he is to take the role of a breezy cowboy. This will be in "The Kid From Montana," which will follow his current First National picture, "Just Suppose," to the screen.

First National has purchased the screen rights to the play by Bayard Veiller entitled "Sinner's Gold."

HALT STARK CARS TWO MINUTES IN HONOR OF HAZEN

Alliance, Dec. 21.—City and inter-urban cars on the Stark Electric rail road paused for two minutes Sunday afternoon in final tribute to Spencer Hazen, dean of Stark rail employees who died Thursday morning from injuries received in a wreck Tuesday.

Promptly at 2 o'clock Sunday afternoon, the appointed funeral hour, motorman on all Stark Electric cars stopped their cars. At the Stark Electric power house east of Alliance, the engineer pulled the large switch which sends current through more than 46 miles of trolley wire. Two minutes later it was replaced and cars resumed their trips over the lines.

Society Athlete Has Old Prowess

Eleanor Sears, Boston society favorite, still has the athletic prowess which drew national attention to her a decade ago, when her stunts made her a first page figure with regularity. Accompanied by A. P. Hinkley, shown with her, and Roger Cutler, two friends, she walked from Providence, R. I., to Boston, 44 miles, in eleven hours, to win a wager. She is seen enroute. Inset is a closeup.

COLUMBIANA

The usual busy period around Christmas in the social as well as business line in Columbiana came to a peak Friday with a number of activities. The Anabasis Literary society of Columbiana High school gave the first program of the year with a large number of visitors present. Rev. E. F. West, pastor of Grace Reformed church was a guest speaker on this program. In the various grade rooms programs in keeping with the Christmas spirit were rendered, also some had "grab bags" and other methods of exchanging small gifts.

Special musical numbers during the High school chapel hours the past week were furnished by Miriam Detwiler, Doris Orr, Janet Keller and Effie Crawford. Readings were given by Selma Gieckler and Ruth Beard.

The Kings Daughters class of Grace Reformed church held their Christmas party Friday night at the home of Mrs. Howard Orr, South Main st., with Mrs. Orr, Mrs. Iven Reash, Mrs. William Miller and Miss Mavme Orr as hostesses.

The Wide Awake class of the same church held their Christmas party at the home of Mrs. Clyde Pfau, at North Lima.

Mr. and Mrs. Luther Donbar and Mr. and Mrs. Irwin Smith were among those from Columbiana attending a Christmas party at the Youngstown I. O. O. F. hall Friday night.

The W. C. T. U. met Friday afternoon for their December meeting at the home of Miss Lydia Weaver, South Elm st. The subject under discussion was: "Is Our Work Progressing In Other Lands?"

The Handy Workers club held their Christmas party Wednesday evening at the home of Mr. and Mrs. J. K. Hofmeister, with all members present. Mrs. Charles Zellere was a special guest. After various games were played, a lunch was served by the hostess.

Rev. E. F. West and Elder Oliver Harold of the Grace Reformed church

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid. Adv.

Stop Those Drugs

They never affect the Liver

When you take cathartics you believe that they directly affect the liver. They do not. Countless recent tests have proved that. That's why all those treatments bring you disappointment.

But modern science has found a way to really stimulate the liver. That is ox-gall, a liver secretion. Physicians the world over now employ it to do what you've tried to do.

Many of the ailments are due to torpid livers. We have tried to correct them, but we failed. As a result, we have suffered—most of us—from troubles of this sort:

Indigestion Heart and
Constipation Kidney Troubles
Impure Blood Bad Complexions
High Blood Pressure Lack of Youth

Now we ask you to join the millions who have found a new relief. Ox-gall, a gland secretion, really stimulates the liver. Then it acts. Then it floods the intestines with bile.

The toxins which are now being

formed and absorbed are quelled. Good doctors everywhere now prescribe ox-gall, mostly in liquid form. But it comes also in tablets called Dioxol, which druggists now supply. Each tablet contains 10 drops of purified ox-gall.

We ask you to learn how much Dioxol can do. Learn it at our expense. It will change all your conceptions of treating liver troubles. It may bring to you new health, new vim, new hope. Clip this coupon for your own sake—now.

LISBON POULTRY SHOW IS SUCCESS

More Than 400 Birds Were Entered, Representing 15 Breeds

Lisbon, Dec. 21.—The most successful poultry and pet stock show ever held by Lisbon Poultry club closed Saturday night in the Holloway rink South Market st. Lisbon. The entry list consisted of 409 birds, representing 15 breeds, as against 317 birds shown a year ago.

Entries were received from East Liverpool, Salem and Warren in addition by many local entries, and also some from Chester and Newell, W. Va. The judging was done by J. E. Gault of Chippewa Lake and occupied two days.

A feature of the show this year was the entry of a pair of Turbans by Arthur Shaggs of Lisbon, who is the only breeder of this fowl in Columbiana county. The bird is a cross between a White Holland Turney and a Rhode Island Red hen. The neck of the hen is bare, while the neck of the male bird is feathered.

Only Three More Days

And Santa Claus
With his Christmas cheer
Will be with us.
And we scarce know
Just what to write
For we suppose
That everyone
Knows just about
What they will get
For friends and folks.
But then again
On second thought
There may be those
Just like ourselves,
Who've found it hard
To get the thing
That we desire
To give our friends.
And so to these,
If any there be,
We would suggest
That we still have
Just one Floor Lamp
At half the price
That it should bring
And we have left
Three Boudoir Lamps
That are simply fine
For any girl
Or woman either.
And the prices now
Are very low.
A Heating pad
Is convenient
If you should need
Some heat applied
To a sore spot
And we have some
That you can buy
So very low
You can't afford
To go without.
These are a few
Of the Christmas things
We have in stock
For your approval
And if you buy
You will not err
For every one
Will represent
The Christmas Spirit.
And so we say
To everyone
A Merry Christmas.

and on the top of the head is a small knot of feathers. The male bird of the breed grows to a height of over two feet.
The only pen of Mexican game fowl was entered by Fred Ranner of Lisbon, while the only pen of Russian Orloffs was entered by Charles Piper also of Lisbon. There was a fair display of bantams, and two entries of this breed were from East Liverpool.
Over 2,000 people attended the show, which shattered all previous attendance records.

REPORT DISEASES OR BE PROSECUTED

Owing to the negligence of the physicians and people in general to report communicable diseases, the board of health of Columbiana county has passed a resolution that the officers of the board prosecute all doctors who fail to report cases of smallpox and chickenpox and prosecute all individuals who disobey or fail to comply with the regulations of the quarantine. Also prosecute all individuals who fail to report cases of smallpox or chickenpox in their families.

REPORT OF FARM SERVICE BUREAU

Extensive Business Is Done Last Year, Manager Heim Reports

An extensive business was done during the last year by the service department of the Columbiana County Farm Bureau, of which Phil E. Heim is manager. This fact is disclosed in the annual report of Heim which has just been compiled.
The service department during the last year sold to Farm Bureau members 510 bushels of seed oats; 239.75 pounds of clover seed; 761 bales of twine; 35 bushels of soy bean seed; 2,085.98 tons of 89 cars of feed which includes 1,831.78 tons of Farm Bureau feed; 1,352.59 tons of fertilizer, 10,000 75 cars, of which 43 cars were delivered last spring and 32 cars last fall; 374.15 tons of lime for spring delivery and 5,047 tons of lime for fall delivery and in addition 148 bales of hay.
The patronage dividend during the past year amounted to \$2,442.32 on feed and \$3,351.42 on fertilizer, or a total rebate to purchasers of these commodities of \$5,793.74.
Wool shipments during the last season through the Farm Bureau cooperative agency totaled \$4,081 pounds, of which 25,881 pounds were shipped from Lisbon, 8,547 pounds from East

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

Palestine and 19,652 pounds from Kensington.

There were 6,599 bushels of seed potatoes purchased by Farm Bureau members last season and all through the service department.

The sale of dairy feed increased 75 percent over the 1924 record and the sale of fertilizer was 40 tons in excess of the previous peak record. Sale of lime showed an increase of 1,951 tons over the previous best record.

In England there are today 3,623, 703 boys and girls between the ages of 15 and 20. Over the age of 60 there are 2,120,890 women and only 1,702,504 men.

END RHEUMATIC PAINS AND ACHES

No longer need thousands suffer the excruciating pains and twinges of rheumatism, neuritis, lumbago or sciatica. For a remarkable old Dutch internal remedy, long known to physicians, put up in easy-to-take, tasteless capsules, gets at the internal cause—acids and poisons in joints and muscles—and removes them so quickly the relief seems like magic. No mere temporary surface rub. Ask for Red Mill Haarlem Oil. Costs only 50c, and results positively guaranteed or money back. Sold by all good druggists, such as:

One of the most enjoyable Christmas parties at St. Paul's Lutheran Sunday school ever held was an event of Friday evening in the chapel. C. S. Anglemeyer led the singing and prior to announcing the songs he gave a short talk, "Joy to the World," and "All Hail the Power" were sung, and C. E. Holt assistant Sunday school superintendent took charge of the meeting, and was master of ceremonies. Mr. Holt gave an address and introduced the entertainers as each class was represented on the program by contributing a part of the program. The first class to put on a stunt was Mrs. Charles Holt's. Mother Goose rhymes were acted out by the scholars. Mr. Holt introduced two sinners from "Santa Land," "Sammy" and "Florence," of Ira F. Meilinger's class, who sang a love song and were found to be William Anglemeyer and T. B. Cope. Mr. Cope was dressed up to represent a young woman. The applause was so prolonged that they responded with an encore. The primary department then gave a motion song. The Ladies Bible class, taught by Miss Sue Bixler, was represented by Mrs. Elmer Harrold, who gave a reading, "Taint no Fun," and Mrs. Charles Frederick gave Eugene Field's poem, "Just As Good As I Can Be." Both readings were well rendered. Miss Ruth Elvonen gave a violin solo with Mrs. Bernada Morris at the piano. They

graciously responded to an encore. They represented Miss Lucy Peet's class. Edward Mellinger's class of boys gave as their stunt, music on saxons, then sang, with Robert Cushing at the piano. Mrs. C. J. Halvestadt's class gave a one act play, with Miss Katherine Thrasher as the "Queen." Misses Agnes Cope and Leetta Halvestadt as the queen's attendants; Mrs. Mary Bellhart as maid and Miss Virginia Morris as the talented "I. F. Mellinger." Jr. Miss Grace Royer's class consisting of small children, sang two songs, with a recitation by Dorothy Shontz and Margaret Tittler. Mrs. H. C. Brillhart's class gave a comic sketch a one act play, school with the scholars practicing for an evening's entertainment. They were dressed as children. Charles S. Anglemeyer's class of young men, a number of whom play different band instruments, gave a representation of a band concert, but all discord. This was followed by a cornet solo by Marcus Holt. Mrs. Anna Thresher presided at the piano while her class of girls sang "Silent Night," with Dorothy Shipp and Margaret Peet in white gowns made the gestures. Elvonen represented Rev. H. C. Brillhart's class with a talk in which he recited recitations which he had in school, one as long as 50

years ago. He also sang a solo in German. Miss Myrtle Wilhelm's class of little boys spelled the word Christmas and told what it meant to them. Mrs. Ira F. Meilinger's class of ladies was represented by Mrs. Raymond Smith and Mrs. Fred Flooding who sang a duet, with Mrs. Lenna Sotherland at the piano. Rev. Brillhart gave a short talk and all were invited to the basement where a Santa Claus welcomed the children with gifts and the younger classes were treated to boxes of candy, ice cream cones, cakes and coffee were served. The meeting adjourned with all pronouncing every thing a decided success.

Mrs. H. C. Brillhart's Sunday school class of St. Paul's Lutheran church, consisting of young women, held a very enjoyable Christmas party and

gift exchange in the chapel. Thursday evening at 7 p. m. A chicken dinner was served to 40 of the members, at a table set in a hollow square, lighted with bayberry candles and Christmas trees. The chapel was beautifully decorated in red and green crepe paper. A real Santa Claus presented the gift's following the dinner, and a short program was given by members of the class. Mrs. Donald D. Shontz of Massillon, was a guest.

Mr. and Mrs. W. S. Groner and daughter, Mrs. Donald D. Shontz, were in Sharon on Friday, to attend the funeral of a cousin, Mrs. Frank Jones, held at 2 p. m. The floral offering was unusually large and a procession of about 30 followed the funeral car.

Picturesque Note Is Accented in Latest Wraps

The picturesque is accented in many of the new coats and wraps for cold weather. A luxurious evening coat of white ermine (left) worn by Miss Irene Rich, of motion picture fame, is trimmed with white fox. For sports a white sweater of brushed wool uses a picturesque embroidered band for decoration, and another attractive wrap of deep navy needlepoint (right) has fluffy badger fur in elaborate trimming.

TODAY'S RECIPES
Hot Milk Cake—Two eggs (well beaten), one cup sugar, one cup flour, one-eighth teaspoon salt, one teaspoon baking powder, one-half cup milk, one teaspoon butter. Add sugar to eggs, beat well, and then add flour, salt and baking powder sifted together. Heat milk and butter together to the boiling point, remove and pour into the cake mixture. Stir until smooth and pour into a cake pan lined with parchment paper. Bake in moderately hot oven—350 degrees—for 30 minutes. This dough is unusually thin, but it makes a very good cake with a fine texture.

Quick Macaroni—Boil one-half pound macaroni until tender in salted water. Drain and rinse with cold water. In the meantime make a cheese sauce as follows: Melt two tablespoons butter, add two tablespoons flour, one-half teaspoon salt and one-eighth teaspoon pepper. Gradually stir in a pint of milk and add a cup of grated American cheese. If soft enough, this may be put through the food chopper. When the cheese is melted add the macaroni and reheat. Cooked spaghetti or noodles may be substituted for the macaroni.

Jeweled Crown Camouflages Bob

This trio of evening coiffures was designed by Lelong, French couturier. The jeweled crown which camouflages the bob is very popular.

Dutch Cabbage—Remove the outer leaves and cut the heart from a red cabbage and chop it coarsely. Peel, quarter and core six tart apples. Chop them and add them to the cabbage. Peel and grate one onion and add it to the mixture. Put the ingredients into a pot with enough water to cover them and add a small cup of vinegar. Boil the cabbage until it is tender, drain it and then season it with a half cup of sugar, pepper, salt, a heaping tablespoon of butter and a half cup of vinegar. Mix the ingredients well so that the seasoning will soak all through the cabbage. Serve it in a hot dish.

SUGGESTIONS
When curtains are ready to launder, measure them carefully, then after they are washed stretch them on the floor on a sheet and pin them to the sheet, using the measurements of the curtains before they were laundered. The second curtain can easily be pinned over the first one and they will dry very quickly. If this method is used, one is sure of having straight curtains.

LATEST IN STYLE FOR WOMEN

New York, Dec. 21.—In the conception of holiday travel the wardrobe suitcase seems likely to achieve a place of prominence. The cases are built on the same general model as a wardrobe trunk with hinged tray having hangers for several suits or dresses. It can be carried by hand or taxi without being subject to delay which sometimes overtakes larger luggage.

The right kind of straws don't care which way the wind blows. And the right kind of southern wear this winter consists of the finer and more flexible weaves such as ballyhuni, Bankok and Panama. The shapes may be large or small according to individual preference, but the trimmings, according to fashions dictates must be extremely simple.

Some of the smart shops are employing skill experts to show women customers what to wear while skiing. They do not guarantee to teach customers how to handle their feet on skis, but do agree to indicate the right footwear. What they are advising are moderately high laced boots of soft, plant water proof leather with a double flexible sole and low broad heel. The toes and insteps are reinforced where the ski straps bind them.

Smoking among women in London after a brief temporary decline has again increased under influence of "smoking parties" given by some popular hostesses. The new tea gowns are being called "smoking suits." For the more intimate parties, smoking coats are worn. These are usually of velvet, slightly longer than a man's smoking jacket, fastened with frogs and sleeveless. The efforts of the hostesses are directed toward providing as many different kinds of cigarettes as possible for their guests.

Free Booklet On Stain Removal

Maybe you touched your sleeve to the butter plate, possibly someone nudged you and you dropped gravy in your lap, or perhaps you have come in contact with a freshly painted fence. If you have had such an accident do you know how to eradicate the stain? Nearly every stain requires a different treatment, and explicit directions are set forth in a 30 page booklet on stains which you can have for the asking. Just clip the attached coupon and enclose two cents in stamps for return postage. Write your name and address clearly.

DIVORCE DECREE FOR FOUR WIVES AND ONE HUSBAND

Proving the pleadings set up in her petition, Edith Fisher has been granted a decree of divorce from her husband, Benjamin Fisher on the grounds of three years wilful absence. The custody of an adopted child was awarded Mrs. Fisher, but the court made an order that Fisher was to be permitted to visit the child at reasonable times.

Gross neglect of duty was charged in the petition for divorce filed by Thomas Barnett against his wife Blanche Barnett, and after the testimony of a number of witnesses were heard the court granted the prayer of the petition, awarding a decree of divorce to the plaintiff.

Three years wilful absence was charged in the divorce petition filed by Hazel McMillen against her husband John McMillen, and a decree was granted Mrs. McMillen. The court also awarded the custody of the children to the plaintiff.

In the case of May Farnival against her husband Joseph C. Farnival, it was set up in the petition that the defendant was guilty of three years habitual drunkenness, and a decree was awarded the plaintiff. In this case Farnival was ordered by the court to pay his wife \$40 alimony within 10 days, and thereafter until further order of court \$6 per week for the support of a child. Bernice Jane Palmer has been granted a divorce from her husband Elwood Thomas Palmer on the grounds of gross neglect of duty. The entry on the calendar shows that Palmer has been ordered by the court to pay his wife \$20 for the support of a child, beginning Jan. 1, 1925.

The divorce action pending in common pleas court of Marie Prince of Salem against her husband, Paul Prince, which was to have come up before Judge Moore has been passed. This case will be contested.

Week's Assignment

Only one branch of common pleas court will be in session this week and that will be presided over by Judge James G. Moore. Only eight cases have been assigned for trial, and three of these are divorce actions which will be heard Wednesday. There has been no assignment of cases for the last three days of the week. The cases to be tried this week have been assigned as follows: Court room, No. 1, Hon. James G. Moore, presiding.

COURT CASES

Monday, Dec. 21

Frank Yurkas vs. Pauline Leade, et al; in the matter of the testaments under the will of John Sant, deceased.

Tuesday, Dec. 22

James Davis, plaintiff in error vs. The State of Ohio, defendant in error; Mrs. Andy Vesper, plaintiff in error vs. The State of Ohio, defendant in error.

Wednesday, Dec. 23

Edith Fisher vs. Benjamin J. Fisher; Ethel Marie Lomax vs. James H. Lomax; Johanna Theil vs. John Theil.

Temporary Alimony

Pending a final hearing in the case, Judge James G. Moore has granted Martha Hirtz in her divorce petition against her husband John Hirtz, \$25 temporary alimony to be paid the plaintiff by the defendant within 10 days. A further order of court is to the effect that Hirtz is to pay his wife \$10 per week. The case will not likely come up for hearing before Judge Moore until early in February.

Action in Partition

An action in partition has been begun in common pleas court by Della S. Russell against Lester Syme and others including Goldie and John Matthe of Homeworth. The plaintiff is the daughter of the late Martha J. Syme who died July 19, 1906 possessed of 13 acres of land in West township, and in which the plaintiff claims an interest. The petition was filed for the plaintiff by Hart & Kochler of Alliance.

Nurse Sues For \$2,135

An action has been started in common pleas court by Elsie Chapman against Grant E. Pike, seeking judgment for \$2,135.04, as an amount claimed due for personal services, rendered for defendant as housekeeper, nursing and caring for his invalid mother, and for having sole charge of the home, on a basis of \$20 per week. The plaintiff claims that 118 weeks service was performed and that she has received on account \$242.10.

Long Jury Service

Records for continuous jury service were broken by jurors who served on the last petit jury. John Patterson of Elkrun township served 38 days while William Davidson of Wellsville had 36 days of continuous service to his credit. Court records for years back do not show such length of service on the part of any juror.

Old Paper Describes Capture of Gen. Cobb Cousin of Salem Man

Mrs. Grace Carr, McKinley ave., enters in the "collection of relics" contest a copy of the New York Weekly Tribune of May 13, 1865.

It includes an account of the capture of Montgomery, Ala., Columbus and Macon, Ga., by Gen. Wilson, of the Union forces. Gen. Howell Cobb, who was in command at Columbus, left hurriedly for Macon and met Gen. Willson 17 miles from that city. Gen. Cobb and 2,000 of his men were made prisoners.

Gen. Cobb was a cousin of Elmer Cobb, father of Mrs. Carr.

DYNAMITE or GASOLINE?

They tell us that it's the explosion of the fuel in the combustion chamber at the proper instant, forcing the piston downward in the cylinder, that drives the car forward. Not being mechanically inclined, we'll take their word for it, and undoubtedly it's correct.

Does it follow then that anything that explodes will do the business? For instance a bit of dynamite fed into the combustion chambers and touched off at the proper instant would drive the piston downward, all right, but we won't guarantee that everything would turn out satisfactorily.

And there are many automobile fuels on the market that explode without question, but the niceness with which they do the job is another thing. Harmful effects may easily result from using the wrong kind of an explosive for a motor fuel.

VAHEY GASOLINE is made to function perfectly in forcing the pistons downward in the cylinders without the slightest harmful effect of carbon deposits or pollution of the lubricant or overheating of the motor. That's why motors using VAHEY GASOLINE regularly give such continued satisfaction.
